

Benefits of CELL-GEN Minerals based on a recent report on CELL-GEN Research.

(By the Late Dr Nishimuta Tadashi - Orthopaedic Centre, Kyushu, Japan)

It is extremely good news for people who suffer from modern lifestyle illnesses because CELL-GEN helps antioxidization and deoxidization effects. Studies by Dr Nishimuta Tadashi showed that most illnesses are said to have been caused by excess activated oxygen in human body, CELL-GEN Minerals can help improve their health.

{tab=Quality and Safe}

This high quality drinking water is safe, non-toxic and the food supplement is rich in nutrient that can be easily absorbed and made available at reasonable price. It is a gift from Mother Nature to us and it can help us to improve and maintain our health.

{tab=Tremendous Benefits of CAH Water}

When you drink Cell-Gen A.H. Water:

- A) You can take well-balanced essential minerals into your body.
- B) You can expect anti-oxidation effect by eliminating excess activated oxygen in your body.

Cell-Gen helps to enhance anti-oxidant enzyme and the Minerals produce activated hydrogen effects.

Here's a list of Benefits you can expect from CELL-GEN AH Water System:

- CELL-GEN A.H. Water has very potent anti-oxidant water with deoxidization effects It helps reduces or remove free radical. Activated hydrogen eliminates activated oxygen, which is the main cause of illness

- Provides wide range of good mineral & trace mineral balance.
- Reduces or removes chlorine and bleaching chemicals found in tap water.
- Water that is alkalescence in nature is better than alkaline water - very good pH balance

7.0pH - 7.8pH

- Stabilizes and balances the body's acidity and alkalinity.
- Has anti-bacteria effect - water with long shelf life
- Makes water cluster smaller, maintain stability of water cluster, easily absorbed by our body

- Compact and practical, easy to install and use with minimum maintenance.
- Very efficient long life cartridge that gives you about 15,000 liters of quality health water.
- Cell generating and regenerating effect of CELL-GEN A.H. Water boosts resistant level in human body.
